Bachelor of Science – Accounting, San Jose State University

“Great things in business are never done by one person. They’re done by a team of people.” –Steve Jobs

I joined Johanson & Yau in 2001 after completing a tax internship with the firm and graduating from college. I provide assurance and financial statement preparation services on behalf of clients in a number of industries. I realize the value in building a deep understanding of the unique concerns and challenges that affect my clients’ businesses and industries.

I was raised in San Jose and continue to call it my home. I enjoy watching TV and sports as much as curling up with a good book. I also look forward to spending time with family and friends and getting outside for a hike.
